

## ADSTAX WHITE PAPER

# The Ultimate Utility Token

### HOW WILL ADSTAX TOKENS BE USED?

1. The primary purpose of the tokens are to create more features for NEWS ROCKSTAR™ users. NEWS ROCKSTAR™ is a very unique Social Network.
2. Adstax tokens can be used to get “discount advertising” on the NEWS ROCKSTAR™ platform. They can also be used on other people’s media that have unsold advertising. There are millions of businesses that would like to save on their advertising expenses.

3. Unlike other social networks ... with your free account, you'll receive valuable benefits and services such as, Department of Jobs™ (free) and 5 adstax tokens JUST FOR SIGNING UP.
4. NEWS ROCKSTAR™ is a Global platform. Think of it as a combination of TWITTER, FACEBOOK and CNN, only better.
5. We'll also have our own network programming and co-programming from other content creators. This will also include in-house studios.
6. Celebrities can monetize their fan base. How? Because they'll bring their followers over from other social networks. It's not just because it's another social network, it's because they'll have a strong incentive to do so since they are paid on their followers, their followers and so on through our "sister" network FAN NETWORKING.
7. More proof of our success is the following cryptocurrencies. First, <http://www.filecoin.io/> raised over 200 Million within 30 days. The purpose of their coin is to increase storage capacity for internet files. Then, <http://www.tezos.com/> raised over 232 Million. AND RECENTLY ... <http://www.telegram.com/> which sold over 1 BILLION in crypto.
8. TOTAL TOKEN SUPPLY: 30 Billion Tokens. TARGET AMOUNT SOLD: \$300 Million USD. PRE-SALE PUBLIC PRICE: 1¢ Per-Token USD. Buyers must be accredited investors. 50 Million Cap. **PLEASE NOTE:** These numbers are subject to change as we would like to raise an amount similar to TELEGRAM.com
9. ADSTAX should launch at 1¢ per token. Based on the validation of other coins that DO NOT have our advantages. We anticipate our coin going to at least \$100 each.

10. We'll also be using ADSTAX to help fund an incredible CURE for CHILDREN in third-world countries that get parasites (worms) from drinking contaminated water. Without this effort, more than 5 Million children will die each year. The cure is being utilized right now.

**Giving911<sup>®</sup>**

**CURE A CHILD FOR JUST 44¢**

*A "single pill" kills the parasite (worms) and helps restore their tiny bodies to full health. Become part of our program and save thousands of childrens lives!*

*It's Not Just Amazing, It's a Miracle ...*

11. Furthermore, up to \$20 MILLION USD FROM TOKEN SALES will be used to purchase a UNITED STATES FDIC INSURED BANK. Its main purpose is to offer NEWS ROCKSTARS™ users, unique financial services.

Another application would be a payment solution where virtually any business could accept credit-card and debit-card payments and NEVER have to worry about chargebacks. We have this technology now. Think of it like Paypal or Stripe only we take away all the pain for the merchant, and the Bank has NO RISK.

**12. Will ADSTAX Tokens Rise In Value?** ... Yes, it will and here's why. Think in terms of buying a home. For the most part, people buy a home to live in (it's a utility). However, the value of the home can certainly GO UP. Our Token is a utility that will be used to add incredible services for NEWS ROCKSTAR™ users making it a highly useful and very productive platform.

**EXAMPLE:** Our initial value of each token is 1¢ USD. We anticipate the value of the token going to \$100 or more USD. If 1 MILLION tokens were purchased at 1¢ each (or \$10,000) and the value of the token goes to just one dollar each, that's 100X on your money (or 1 Million Dollars). This gives buyers a nice margin should they choose to exit.

**Please Note:** We are seeking crypto representatives. Above par commissions paid in USD (or crypto if you prefer).
